

Basiq™

Building on a budget doesn't mean you have to trust your components to an un-reliable no-name brand. That's why Antec took its years of experience and knowledge in building world-class power supplies, and made Basiq. The workhorse of the Antec family, Basiq is built with the solid quality you have come to expect from Antec products at an unbeatable price. Basiq does the job, simply, efficiently and reliably, making Basiq a solid power supply built to satisfy the demands of the entry-level power user, or the budget minded system builder.

Basiq, the simple choice in high quality, value priced power supplies.

- Backed by a 2 years parts and labour warranty
- ATX12V version 2.01 compliant
- Dual +12V outputs provide maximum stable power for the CPU independently of the other peripherals.
- Built-in Industrial-grade protection circuitry prevents damage resulting from short circuits, power overloads, and over voltage.

350 Watt model:
BP350P (with PFC)

500 Watt model:
BP 500U (Universal input with Active PFC)
